Responsibilities

1. Payment Partnership Development

- Identify, connect, and develop relationships with payment gateways, PSPs, and payment partners.
- Build and maintain strategic partnerships with payment-related stakeholders.
- Negotiate partnership/commercial models and cooperation terms.

2. Payment Research & Model Development

- Research emerging payment models and market trends.
- Analyze the market, competitors, and payment ecosystem.
- Propose suitable payment strategies aligned with business objectives.
- Explore models related to PSPs and payment infrastructure.

3. Internal Collaboration & Implementation

- Collaborate with Product, Operations, Finance, and Tech teams during payment partner integration projects.
- Coordinate with PM and Operations teams throughout the gateway onboarding process.
- Support planning and execution for initiatives related to payment expansion.

4. Business Analysis & Reporting

- Monitor partnership effectiveness and overall business performance.
- Prepare proposals, business plans, and strategic recommendations.
- Identify growth opportunities and operational optimization initiatives.

Minimum Qualifications

- Minimum 2 years of experience in Business Development, Partnership, or Fintech/Payment-related roles.
- Strong communication, networking, and negotiation skills.
- Good understanding of payment gateways, PSPs, or the fintech ecosystem.
- Strong business mindset and analytical thinking.
- Ability to work independently and collaborate cross-functionally.
- Strong communication skills in English.

Preferred Requirement

- Experience working with payment gateways or fintech companies.
- Existing network within the fintech/payment ecosystem is a plus.
- Experience participating in building or implementing payment models is an advantage.
